Village Infrastructure Protection Program Manager  
Denali Commission  
510 L Street, #410

Re: Denali Commission FAA 1501 – No Cost Extension Request

Dear Mr. Antrobus:

The Alaska Native Tribal Health Consortium (ANTHC) is respectfully requesting a seven (7) month no-cost extension on the Denali Commission FAA-1501 to support the Environmentally Threatened Community (ETC) Grant Center. The no-cost extension will enable the program to utilize unspent funding from the current project period, January 2017 - February 28, 2018 for activities of the ETC Grant Center through October 2018.

Thank you for your consideration. If you have any questions regarding this request, please feel free to contact Jen Harrington, Grant Manager at [jharrington@anthc.org](mailto:jharrington@anthc.org) or 907-729-3480.

Sincerely,

Roald Helgesen  
Chief Executive Officer & Administrator
